- Customized festive and corporate gifting products

### Manufacturing & Production Capacity

|                     |                                                                                                                                                                                                                                                                           |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Production Capacity | Over 36,000+ Ganesh idols per season, with the ability to scale for large domestic and export orders                                                                                                                                                                      |
| Workforce           | A dedicated team of 12+ employees, supported by skilled artisans and a seasonal workforce during peak production                                                                                                                                                          |
| Manufacturing Setup | Operates from a leased manufacturing facility on the outskirts of Secunderabad, with in-house product development, moulding, painting, finishing, quality inspection, and export-grade packaging — designed to handle both standard production and customized bulk orders |

### Customization

Customization is offered in size, colour, finish, packaging, branding, and private labeling (OEM), including bulk corporate gifting solutions. Custom molds or designs may require a minimum order quantity and additional tooling charges.

### Business Model

B2B, Wholesale, Distributors, Retail Chains, Importers, Corporate Gifting, and Private Label Manufacturing.

### Quality Assurance

Every product undergoes quality inspection before packing, with secure, export-grade packaging available for international shipments.
